Grant Amount

The daily amount to be given to the staff who will benefit from the staff mobility is given in the table below. The amounts of grants are shown as Euros in the table below. The maximum five-day (5) grant payment is made to one staff. The minimum number of mobility days are two (2). Except for force majeure, if the mobility is made for less than 2 (two) days, the mobility is considered invalid and no grant payment is made to the staff.

In addition to daily grant amounts, travel expenses are also supported. The amount of travel expense is calculated using the "Distance Calculator" in the link below.

http://ec.europa.eu/programmes/erasmus-plus/tools/distance_en.htm

Through the distance calculator, the kilometers between two points from the place where the staff is settled to the place of mobility is determined and the travel grant is calculated using the table below. The grant amount for the km value in the distance calculator is calculated as round-trip in the table below, therefore the grant amount is not multiplied by two.

Acquired "km" amount	Amount of Grant €
10-99 KM	20
100-499 KM	180
500-1,999 KM	275
2,000-2,999 KM	360
3,000-3,999 KM	530
4.000-7,999 KM	820

If the staff wishes, he/she can participate to the mobility without receiving grant. In order to benefit from the mobility without grant, an application must be made and the application must be evaluated together with other applications. The difference of the staff who is not going to

receive grant is that the staff is not included in the budget calculations and he/she is not able to take any payment. Staff can be included to the selection process even though he/she is not going to receive grant.

INCLUSION SUPPORT

Erasmus+ Program encourages the participation of the people with special needs. A person with special needs is a potential participant whose personal physical condition, mental state or health condition does not allow him/her to be participant of the project/mobility unless there is additional financial support. In order to be able to give additional grants to staff who need inclusion support, the university must request an additional grant from the National Agency.
