**Signature:**

**Three Course Exams Regulation Article: ARTICLE 26 – d) Three course exam:**

Three course exams: Students who have met the conditions for graduation but fail at most three courses are entitled to take exams for these courses. The success of the students taking these exams is determined only by the grades they get from these exams. These students are entitled to graduate if they complete their obligations such as internship and clinical practice. Financial provisions regarding the three course exams are determined by the Board of Trustees. These exams are taken on the dates specified in the academic calendar.

**(Fenerbahçe University Associate and Bachelor Degree Education Regulation)**
